

Afni's Arbitration Analysis

Even a small increase in win percentage can mean **millions of dollars** to your bottom line.

ARBITRATION EXPERTISE

Elite Authors

- Average 20 years of claims experience
- Licensed claims adjusters
- Drawn from some of the largest insurance carriers

High Capacity

- Average 2,500 filings per month
- Licensed in all 50 states
- Authored more than 80,000 arbs since 2018

In 2020, Afni significantly outperformed a top five carrier's in-house arbitration team – an 86% average win rate to their 61% average win rate.

EASY TO BEGIN

Leveraging Arbitration Forum's E-Subro Hub makes the movement of files to Afni a snap. Simply assign the file via the Hub and we'll do the rest!

Authors are assigned by matching their areas of expertise to specific arbitration cases, setting a strong foundation to craft persuasive contentions and generate higher dollar wins.

OUTSOURCE WITH AFNI

With our tenured team of authors and a dedicated support team, Afni is ready to deliver **best-in-class performance** across your portfolio. Our team will clear backlogs and improve win rates...fast!

A recent analysis of a top U.S. personal lines carrier showed how Afni's team of arbitration experts could outperform the client's in-house staff by 14 percent. That improvement meant a potential **\$1.6 million in additional recoveries** for the carrier over the same performance period.

COMPLIMENTARY ARB ANALYSIS

Even if you're not ready to outsource your arbitration filings, Afni can perform a complimentary analysis of your results. Our customized tool allows us to thoroughly analyze your arbitration results quickly and easily. Afni's consultative approach **provides insight into your strengths and weaknesses** and allows for performance improvement discussions.

If you're ready to **increase your recoveries and/or learn more about your results**, contact:
